BANKER CIGARS.

PUFF OF SATISFACTION.—Nothing is more grateful than the solace of a good-flavored and free-smoking cigar. Such are Mehegan's Bankers, the best cigars for their price in the country. They have become so universally popular in North Carolina, in Raleigh particularly, that all the inveterate smokers are breaking their pipes.

We honestly think two boxes of Mehegan's Bankers might be induced to influence even Grant to compassion in regard to the suffering Cubans.

We recommend the Bankers, and know whereof we affirm, for as we write we are consoled with the proud satisfaction of puffing one, and enjoy it hugely.—*Norfolk Journal.*

Pink Hardie is Agent for the Bankers, and says he has a letter from Mr. Mehegan, saying that the stock in them is better than ever. Go and try them.

THE CONSPIRACY OF HOLDEN & CO.

We charged last week that John Pool, W. W. Holden, Thomas Settle and others, whose names we could give, entered into a deliberate conspiracy to carry the election on Thursday next by *force*, or failing in that, to defeat it altogether. We stated that the means to be adopted to accomplish this end, was to create sensation and excitement here and especially at Washington, about alleged Ku Klux outrages on Union men, and especially negroes, excite the prejudices of the President against the people of the State by exaggeration and false statements to the effect that the people were opposed to and, in fact, resisting reconstruction by *force*. Having thus prepared public sentiment just before the election, the plan provided that Holden should raise a *picked* body of men to be armed and by them arrest many of the best citizens of the State and outrage and injure them in the most provoking manner, and thus frighten and terrify the people to vote for Radicalism or abstain from voting at all, or if the people should resist, then bring on a general conflict and defeat the election altogether. We said we made the charge deliberately, well knowing the responsibility we shouldered in doing so and we defied any one of the men so charged to sue or indict us for libel, and promised that we would prove, substantially, the charge of conspiracy so made. We repeat the charge and challenge again to day, and tell the people we can make the charge good by competent testimony before a proper judicial tribunal.

John Pool is the prime mover in this conspiracy, and he began its preparation months ago; he came to the Legislature in 1868 and prepared a military bill for the purpose, and tried to force the Radicals to pass it, but it was so cut up and mutilated that it passed in such shape as did not suit his wishes; he came back to the Legislature at the late session and was instrumental in having the *insurrection* act passed, but it likewise passed in such shape as that it did not suit him and his purpose.—While he was here he declared to various gentlemen that the Democrats could not carry the August election, and that means would be produced to prevent it, and that if they should carry it, they would not be allowed to administer the State government. While he was here from time to time he had frequent secret interviews with Holden, Settle and others, and the whole ground of the conspiracy was surveyed and discussed—it was agreed that newspapers in the State should agitate the matter of Ku Klux, that Holden should issue flaming and alarming proclamations as to crimes of all sorts, and that Pool and Abbott and other Radical members of Congress should agitate the same subject in speeches and in frequent and fervent conversations, and that citizens of the State, such as Settle, should join in inflaming the mind of the President against the people of the State. This was not only agreed upon, it has been done to the letter. Settle lately visited the President and made the most false and infamous statements to him about the people of the State, and Pool, Abbott, Holden and others, held interviews here during the late term of the United States Circuit Court, in which it was agreed to send for the desperado Kirk and set on foot, law or no law, the armed movement, through which the people are now being outraged and scourged.

It was furthermore agreed that every effort should be made to induce all Radical officials in the State, including the Judges of the State, to support the present armed movement. How well the conspirators have succeeded, so far, the people see and know, and it remains to be seen whether they can fully accomplish their purpose. We trust they will not, that the people of all parties will march like freemen to the polls and defeat them.

This conspiracy is not idle; it is actual, it is the moment operating. Holden has already sent word to the chairman of the Radical National Executive Committee, "all is right; we will carry the State by an overwhelming majority." More than that, thousands of dollars have been sent here by Radicals at the North to aid in making this conspiracy effectual. Holden & Co. have driven Radical office holders with a strong hand into the support of this conspiracy. We learn that probably the most refractory man was the Treasurer; he hesitated and refused to pay the money from the Treasury to provide the conspiracy army, but finally he reluctantly, and against his judgment gave way.

These are but a few of the facts at our command, as these conspirators will learn, if they will give us the chance at them in the Courts. Holden did not tell Col. O. H. Dockery all about this conspiracy, when he told him, as Dockery says, that the present armed movement and war on the people *originated with John Pool, and he was willing to follow when Pool led*;" that was not all, as we know.

Let the people of the State and every where consider of what we have said. These base conspirators have in various ways, and especially through the *Standard* and contemptible underlings, threatened us with arrest and assassination, with a view to deter us from exposing their crimes and this conspiracy. We tell them, they mistake their game; no power short of the Almighty can change our purpose, we intend to do it, if we perish in the undertaking, and when we go down, there will be those who will come after us, who will finish our work. These enemies of the peace, prosperity and hope of the State should be exposed, and we are the man to do it, we will do it, if God spares us. We believe we have done something towards exposing the unheard of frauds, corruptions, outrages and crimes of Holden & Co., and we are just begun a great work and which will end only when the virtuous and capable rule a generous and deserving people.

TORTURING PRISONERS.

We received a telegram Saturday stating that Kirk's men had hung a Mr. Patton, of Alamance, three times to extort confessions from him in regard to Ku Klux. A gentleman just from Alamance confirms the telegram. The perpetrator of this outrage is one Burgin, Kirk's subordinate. He acknowledged to the gentleman, not only that he had hung Patton, to make him confess, but that he had hung up several others of those arrested, by the thumbs, for the same purpose.

There is no doubt of the truth of these statements. They are substantiated by numbers of persons who witnessed them; and further, Burgin boasted of his acts, saying, that "when merely arrested they would tell nothing, but when he put the rope around their necks, or swung them up by the thumbs, they will confess."

And these things are practiced on a helpless people by lawless desperadoes, by order of the Chief Executive of the State, and all redress of the sacred writ of *habeas corpus* denied! And this too we must endure, or resistance will be visited with the vengeance of the Governor, "backed by the President," the elections defeated and Radical rule fastened on us indefinitely. Well, may the Lord help the State and people.

A PLAIN CASE.

James E. Boyd, in his mighty "confessions," which the *Standard* publishes as Radical campaign gospel, says, "I was initiated into the organization known to the members thereof as the 'White Brotherhood' in the month of November, 1868." He declares that he "cut loose" from this organization shortly after he was initiated, and that he "made it his business to know nothing of its operations and proceedings;" that he "used every effort in his power to have the organization broken up in his county," and that for this reason he "was abused and accused of unfaithfulness."

Now, remember, this was in 1868, "soon after he was initiated," near two years ago, if he speaks the truth. With this statement of facts, how could Boyd have been nominated in aid of the Ku Klux in July 1870, or as the Ku Klux candidate? The Ku Klux would certainly have had nothing to do with nominating a man whom they had *abused and accused of treachery*! and the Democrats, if they had desired the Ku Klux vote, would hardly have nominated Boyd, their enemy!

Boyd further says that one great object he had in becoming a candidate was to destroy these organizations. If this be true, he was not nominated as a Ku Klux candidate, but was nominated by the Democratic party, and in hostility to the crimes committed by this secret organization.

The conclusion is, that if Boyd tells the truth the Conservatives and Democrats of Alamance are opposed to the Ku Klux.—The Governor, in writing out Boyd's "Confession" might not, in his great anxiety to produce his *means*, have seen this palpable discrepancy, but the people see it, and laugh over it as the most puerile production of the campaign.

A STRIKING VIEW OF RADICAL RULE.

The people are familiar with the extravagance and crime of the present Radical Administration in this State—especially in the use and expenditure of money. Now let every one take up the history of the State and of political parties in the State and add together all the fraud and crime and outrage of all political parties that have ever controlled the State and administered its government from its foundation to the beginning of Holden's administration, and the whole added and packed together will not weigh as a feather in the balance as weighed against the fraud and crime and outrage against the State and people, of Holden's Radical party administration. We challenge investigation.—There is no parallel for the practical illustration of Radical rule in North Carolina. If one speaks of this to a Radical claiming intelligence and tells him the people cannot and will not stand this, he laughs and boots at you and says, "how can you get over our *eighty thousand negro votes*."

Surely the colored people are beginning to learn that they are the poor dupes of a set of graceless rascals, who will sell their very souls for office again.

THE EVIL—THE REMEDY.

The people should not loose sight of the important fact, that the principal cause of all the public evils that hurt them and the State is, that *incompetent, corrupt* and *irresponsible* men now control the State and have done so for the past two years. Take the Chief Executive. It is notorious that he never had any fixed moral or political principles; his sole object in life has been to keep on the surface and to get into office and get money, and he cares not what means shall be employed to effectuate this purpose. He was first, when a youth, a Whig, this did not pay or promise much; then he was a Democrat, and as secessionism became popular in the Democratic party, he became a secession Democrat, until that party refused to make him Governor of the State, then he became a Union Democrat until the late war broke out, then he went for the war and signed and supported the ordinance of secession, then as the fortunes of secession and the Confederacy began to wane he became first a dissembling carper and tried to get into office by this means, and as time wore on he became a traitor to the Confederacy as he had, at the outset of the war, been a traitor to the Union. At the close of the war he not only welcomed Sherman's army at the Capitol of the State, but rejoiced more in the desolation and havoc it brought with it to our people, than he did the triumph of principle and the Union; then for the sake of filling an office, a thing the people never would allow him to do before, he became the avowed friend of President Johnson and his reconstruction policy—this did not keep him in office under it, the people spurned and repudiated him by acclamation and Gov. Worth was elected, then Holden made war on Johnson, and insisted that Congress should upset Executive reconstruction, and whereas as first as the friend of President Johnson, he openly and vehemently opposed giving the colored people suffrage and the right to hold office, now he insisted that the negroes should have such rights—he did this as the whole course of his life shows, not out of love for the black race, but because he knew the white people never would give him office, and he hoped the black might; so he became the furious friend of the black race and Congressional reconstruction; that succeeded and sure enough his card won that time, the deluded colored people voted for him as a mass and by their votes and a mere handful of white votes he was made Governor of the State. What has he and his administration done for the State? He has made war upon the white people of the State who voted against him, ever since he went into office, and to gratify his vulgar malignity, he has virtually destroyed the industrial interest of the State in numberless ways—he has stimulated unfriendly feelings between the white and black people; he has arrayed capital against labor as far as he could, and by the most false representations through alarming proclamations and his paper, the *Standard*, he has frightened labor and capital away from the State. By a system of public robbery and fraud he has utter frustrated our system of internal improvements, and by concerted action with carpet baggers and degenerate North Carolinians, the school fund and other resources of the State have been squandered and spent for unlawful purposes and in such way as to enrich himself and vulgar, fawning sycophants, who flatter his upstart vanity, and whereas the credit of the State was as good as that of any State of the Union, yet, under his rule and by a concerted combination to increase the public debt to the fabulous amount of over $40,000,000 to the end that carpet baggers and others might have State bonds on which to raise money for their own enrichment as well as his, the credit of the State has gone down until it has no credit, and the State bonds are a by-word and a laughing stock in the markets of the world.

In doing all this crime and mischief, he has been aided by men like himself in the Legislature and Judicial branches of the government. With an occasional exception, such a depraved and incompetent body of men as have administered our State government in all its departments for the last two years, never exercised official power in this or any other country. The Legislature for the most part, and which was under the complete command of Holden and carpet baggers, was confessedly the most ignorant and corrupt body as a whole that ever assembled on this continent. This body at the bidding of Holden and his coadjutors in crime, undertook to increase the State debt over $26,000,000. After the bonds had been issued all at once and sold for any price, ostensibly to build Railroads and most of the proceeds embezzeled, this same Legislature unblushingly passed an act expressly repudiating the whole of them—this transaction is one of many like it in turpitude, cited to illustrate the stupidity and unparalleled corruption of the Legislature. A majority of the Judges of the State are as bad; they are Judicial nuisances and laughing stocks for the bar and people. If any one doubts this, let him attend the courts of the State for six weeks and read the Supreme Court reports for the last eighteen months.

For all this crime corruption and imbecility, it is proposed by the people at the ballot box next Thursday to strip these faithless incompetent officials of the vast powers they exercise to the incalculable detriment of an oppressed people, and to turn some of them out of the places they outrage and disgrace. What then do the people witness? Why a large number of these graceless scamps combine, confederate and conspire together to *force* the people to continue them in power. Without any semblance of lawful authority this man Holden is made a *dictator*, and a picked army of men is raised to sustain him and his in these lawless plans, to keep themselves in power. At once a regular system of terrorism is set on foot, by making lawless arrests and menace of unoffending citizens, and thus by the order of Holden alone these men are held in prison at the will of this man. This is done for the purpose of frightening the people to sustain the conspirators by their votes, or to keep them from voting at all, and the people are coolly told that they must submit to this conspiracy, else the federal army will be brought into their midst and the whole country devastated.

To consummate the diabolical purposes of these vile conspirators, they keep up numbers of detectives and spies, they have inaugurated a regular system of espionage that costs vast sums of money which the people are forced to pay.

This is a hasty outline of the leading evils which curse, blast, ruin and engulph the happiness and prosperity of the whole people, even those who are the dupes of their hellish acts. How truly has the Psalmist said: "*The wicked walk on every side when the vilest men are exalted.*"

We repeat that corrupt, incompetent men in office, are at the bottom of the public calamity that now blights the State. The effort is to stop them or turn them out. The people can do this if they will make a united effort. Let them vote against *radicalism* and every man suspected of sympathizing with it, and we confidently hope a brighter day will dawn upon our dark horizon.

REMARKABLE FACT.

It is not denied that the Treasure of the State has been wasted, squandered and misapplied and indeed embezzled and stolen during this administration as never before, it is not denied that the Legislature was never more incompetent and thoroughly corrupt and infamous, even the *Standard* newspaper said so in terms, it is admitted that a large majority of the Judges of the State are utterly incompetent and some of them are corrupt, it is not denied that Holden is thoroughly unprincipled as the Chief Executive officer of the State and that grave charges have been made against the competency of some and the integrity of others of his subordinates in the Executive Department.

Now we call public attention to this fact—remarkable fact—that not a single prominent Radical in office or out of office, having full knowledge of all we have stated as to corruption and fraud and crime and outrage, has ever publicly raised his voice or written a word in condemnation or denunciation of such crime, corruption and outrage. We say this is remarkable indeed, there never was a party in power in the State or Federal governments, that had done a tenth of such crimes and outrages against the public, whose members all would so have abstained from uttering some word of condemnation and denunciation. The truth is these Radicals are regular *Ku Klux*, or Union League making war on the people as a body politic and each member seems sworn to sustain every other in any crime he may perpetrate against the State or people. But be this as it may, the remarkable fact we have called attention to exists, and it is worth considering by the people.

WHO IS KING OF THE "WHITE BROTHERHOOD"

This is one of the important inquiries of the campaign since the marvelous "confessions" and disclosures of Mr. J. E. Boyd and "the other fifteen," and as a public journalist we feel it to be our duty to throw all the light on the subject we can.

In the absence of positive proof we are obliged to fall back on circumstantial evidence to establish the identity of his Royal Highness, and on this evidence we think Mr. Samuel F. Phillips is either King of the "White Brotherhood," or intimately connected with the Royal family.

Now here is the evidence: Everybody knows that Mr. Phillips has lived in that section of the State where this secret organization is said to exist, and wielded considerable influence there until he sold himself to the Rads for the Attorney Generalship. To this add the fact that he made a speech in the Legislature, in which he used the following emphatic language:

"I enter fully into the counsels of those who define this to be a government of WHITE MEN. For one I propose that none but WHITE MEN shall participate in the duty and distinction of controlling this government. I maintain that the rights of suffrage shall be theirs exclusively—as also the duty of exercising public employment and the duty of distributing justice. Every public place—from the jury box to the chair of the President, must be a place for the WHITE MAN alone. It is obvious that so long as this continues to be so, the government will be the WHITE MAN'S government."

The jury can take the case.

"FIAT JUSTICIA RUAT CŒLUM."

In the case of Wyrick, as reported in Winstead, page 450, we learn that Wyrick deserted from the Confederate army and was brought before Judge Pearson upon a writ of *Aobeas corpus*, alleging that he had put in a substitute, and had afterwards been conscripted and illegally taken off to the army. It was objected, that being a deserter he could not be heard. The Judge decided to hear him, and discharged him, saying, he might be put to death if sent back to the army, or be without remedy in the Courts.

The Judge then proceeds when confronting the Executive power of the State and the Confederacy, as he is that of Holden and Kirk now, "will it be said this denial of justice is necessary for the good of the public service to prevent desertion? God forbid! *Fiat justicia ruat cœlum*, "let justice be done without regard to consequences."

In the late case of the Alamance prisoners, the Judge seems to have lost his reverence for this old principle, when urged to act upon it he finds it only a beautiful figure of speech, not meaning, according to his former translation, "let justice be done without regard to consequences." But if Governor Holden will only give his orders to hold his prisoners fast he may imprison, try by military court, or put to death whom he pleases, for any thing the Chief Justice of the State can do to the contrary!

And such is the great writ of right against our contumacious, usurping and rebellious Governor.

From the New York World.

THE WAR ON NORTH CAROLINA.

It would be interesting to know whether the President has really authorized the Governor of North Carolina to enlist a standing army and make war upon the people of that State. This, stripped of all surroundings, is what that Governor is doing, and in these procedures he claims most positively that he has the aid, encouragement, support, and countenance of the Federal Executive. It adds color to this claim that the President has ordered a force of United States artillery to North Carolina—his latest directions to that effect bearing date at Long Branch on the 22d inst. But not to pr judge the case, we will give, first the circumstances of this war upon the unfortunate people of North Carolina, and next the declarations of the Governor that he is acting with the consent and approval of the President, and then leave it for the friends of Mr. Grant to declare whether he has really given the lawless and bloody-minded authorization claimed.

The circumstances are these: During this year there have been in the North Carolina counties of Alamance and Caswell several homicides—one of a Radical State Senator, one of a negro, and one committed upon a family of whites, Conservatives in politics, all of whom were slain in their own home. The fact that these homicides were committed on those of both parties sufficiently relieves them of any suspicion of having been prompted by political reasons; and there is no reason to suppose but what the civil law, if allowed to operate, would have been quite sufficient in the premises. Disdaining, however, a resort to that inadequate remedy, and claiming to act with the approval of President Grant, the Governor (Holden) immediately set on foot an army—not calling out the militia, but regularly enlisting an army under the command of an East Tennessee bushwhacker named Kirk, formerly an officer in Brownlow's militia. Marching this force into Alamance and Caswell, the Governor proclaimed those counties under martial law, arrested very near one hundred citizens, ordered them for trial by a military commission, and spread such terror by these proceedings and the excesses of his soldiery that many of the citizens of the vicinage fled to Virginia in fear of their lives. In behalf of those held for military trial a writ of habeas corpus was prayed out before the Chief Justice of the State and served upon KIRK, on which that worthy remarked that this kind of thing was "played out," and drove the civil officer away. Other attempts to serve like writs having been made, he tears up the writs and claps the officers serving them in his guardhouse. On this the Chief Justice is applied to for an attachment against KIRK and an order to the Sheriff to raise the *posse comitatus* to execute the same. The poor old man, overawed perhaps by the Governor's boast that "Grant backed him," proves false to his duty, refuses the attachment, and declares that all he can do is to write a letter to the Governor. That functionary, in a communication now before us, replies: "I have declared the counties of Alamance and Caswell in a state of insurrection, and have taken military possession of them," and "I do not see how I can surrender the insurgents to the civil authority until that authority is restored:" or, in other words, I have proclaimed martial law, and because I have proclaimed martial law I cannot respect the civil courts. In this attitude, then, the unfortunate people of North Carolina remain; the judiciary impotent for their protection, while the Executive, with the claimed approval of President Grant, makes war upon them.

So much for the facts; now for the evidence going to show the approval of the President. On the very day on which the Governor dates his letter to the Chief Justices, the Raleigh *Standard*, organ of the Governor, says that the President has just written from Long Branch to Governor Holden to say that he had ordered more United States troops to North Carolina, and then continues: "A large number, *armed with the best fast shooting guns*, are expected in Raleigh in a day or so." The next day the organ chronicles the arrival of a large detachment of troops "*armed with the best fast-shooting guns*," and sneeringly adds: "Does the President support the Governor? We should think so."

Now, is there not something horrible in this thought of the President of the United States sitting at ease in his Long Branch cottage, watching the children at play on the beach and the pleasure-yachts skimming the sea, and out of this scene of summer tranquility despatching battalion upon battalion of Federal troops to mow down with their "fast shooting guns" the unhappy people of the Old North State? Let there be some denial of the statement of this scoundrel Governor that "Grant backs him;" for, as the case now stands, it is a dishonoring supposition that our Chief Magistrate is capable of so cold blooded an atrocity as is here charged.

See what the Washington *Star* (Republican) says of our Christian Governor:

"We cannot resist the conviction that Gov. Holden is pursuing a wholly mischievous and indefensible course in North Carolina. Giving all possible consideration to the asseverations of Gov. H. in regard to the Ku Klux Klan outrages and resistance to law, we see nothing to justify his violent despotic acts. The evidence all points to the conclusion that the extreme measures he has resorted to are dictated solely by a reckless, unscrupulous determination to carry out his own political ends at all hazards. He defies the civil Courts, suspends the writ of *habeas corpus*, breaks up peaceful meetings by military force, arrests the speakers, bayonets the spectators, and threatens the lives of all who protest against his tyrannical, unlawful deeds. He employs a willing tool by the name of Kirk to enforce his system of terrorism. This Kirk quarters his troops in private houses, tears up writs of *habeas corpus* when served upon him, and declares "that sort of thing played out!" Under the instructions of Holden he arrests the officers of the civil Courts for their presumption, and it appears that he is prepared to go to the extraordinary lengths of organizing a military commission in his camp for the trial of his prisoners, some hundreds in number, many of them influential citizens, and who have been counted as good Republicans, but who are not prepared to sustain the arbitrary acts of Holden. The deeds of greedy, unscrupulous men, like Holden in North Carolina, and Scott in South Carolina, are doing infinite mischief to the republican cause, making it impossible to build up a self-sustaining Republican party in the South, and putting weapons into the hands of the enemies of the party in the North. It is the fault of just such men as Holden that North Carolina is not soundly republican to-day, if she is not. In no State of the South was there so large a Union element during the war, and in no State was the work of reconstruction entered upon under more favorable auspices. As for Holden, he is simply a demagogue trickster, and political desperado. A blatant secessionist when secession was uppermost, he is just the style of a man now to persecute with rabid vindictiveness not only his secession neighbors, but all Republicans who oppose his oppressive reign.

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, *some decidedly lower than* those of the leading Mutual Cash Companies.

The Excelsior issues Polices on *all* the plans of *Mutual* or *Stock* Companies, extending to policy holders, all th ir really desirable advantages. Its policies being *non-forfeiting*, the insured are privilged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender vesting Policies into

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished. The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

SPEAKING AT TUCKER HALL.

Capt. Jack Davis will address the citizens of Raleigh at Tucker Hall, on to-morrow, (Tuesday) evening, at 8½ o'clock.

Judge Fowle will speak at the same place Wednesday evening at 8½ o'clock. Let everybody turn out and hear the questions at issue discussed.

REGISTER! REGISTER!!

Only a very short time remains to comply with this duty, in order to vote on Thursday. Is there a man in the county who, at this crisis, will fail to do his duty in this respect! Let every man inquire among his neighbors and awake the negligent on this subject. Be sure to attend to this matter at once.

One "long pull, strong pull and pull all together," and the victory will be ours on Thursday.

Hook and Ladder No. 1—Attention.—Regular monthly meeting, to-morrow, Tuesday evening, August 2nd, at 8 o'clock, at the Fireman's Hall.

Click! Click! Town Clock.—Some body is putting up the town clock, at last.

Our Advertising friends will please bear with us one or two days more, if we seem to encroach on their space—we'll make it all up after the election.

All play and no Pay.—Out of over a thousand negroes registered in Raleigh township, to vote on Thursday, only about *seventy* of them have given in their tax list!

A CARD.

Mr. L. P. Estes, late Collector Internal Revenue at Wilmington, member of the North Carolina Legislature of 1869, and now a resident of Enfield, N. C., will find it to his interest to pay Messrs. ILLEGAL REGISTRATION.

Sunday School Exercises.—On Sunday afternoon the Sabbath Schools connected with the Baptist, Presbyterian and Methodist churches of this city had a most pleasant and instructive meeting at the Baptist Church.

The exercises were opened by prayer by Rev. H. T. Hudson, of the M. E. Church, now on a visit to the city.

Addresses to the officers, teachers and children of the Schools were then delivered by Rev. Dr. Curry, Dr. Hooper, Rev. Mr. Fitcher, Rev. H. T. Hudson, and Judge R. P. Dick.

Between the addresses the schools sung in spirited style several beautiful Sunday School songs and anthems, under the direction of the Superintendents, and every thing passed off with fine feeling and good effect, closing with a benediction by Rev. Dr. Pritchard.

To-night Rev. Dr. Curry will deliver a lecture or address at the Baptist Church, on the subject of Education. Seats free.—The citizens generally are invited to attend.

Mr. Curry is a close reasoner, an eloquent and pleasant speaker. We hope there will be a full audience out to hear him to-night.

Medical College of Virginia.—In our advertising columns will be found the announcement of the Annual Course of Lectures in this institution, which we commend to the particular attention of those who have entered upon the study of medicine, and who are seeking the means of prosecuting it to the best advantage. The capacities of our Richmond School have been fully tested by more than thirty years of successful teaching, through all the vicissitudes of peace and war; and in point of organization and facilities for instruction, it is in better condition at this time than at any previous period of its history. Its faculty now consists of *nine Professors*, all of them qualified by the requisite experience, both in teaching and in practice, for the efficient discharge of their functions, and all of them in the prime of life.

The facilities afforded by Richmond, with its 60,000 inhabitants, may be confidently stated to be ample for the demands of a flourishing Medical School. Such a population will always furnish to the institutions for the reception and treatment of the sick, (as indicated in the College announcement,) a large number of cases for the practical instruction of the student, both in medicine and surgery; and the advantage to the Southern physician of acquiring a knowledge of disease in a *Southern locality*, and under *Southern teachers*, is too obvious to require demonstration. The ready accessibility of Richmond from all quarters, its beauty, its favorable climate, and its social advantages, constitute so many attractions for the medical student, who is about deciding for himself the question, "Where shall I go to attend lectures?" We can confidently assure all such, that if their choice shall fall upon Richmond they will not regret it.

OVERSHOT THE MARK.

A gentleman of the highest veracity, who lately returned from a trip to Virginia, states that he saw and conversed with Senator Pool, at Norfolk, and that the latter stated that "Holden had gone a 'bow-shot' beyond anything that was contemplated or agreed on, in regard to the military movement in the State.

The conspirators ought to have had a better understanding among themselves.—In regard to the conspiracy, see the following from the *Albany Argus:*

WAR IN NORTH CAROLINA.

It is not necessary for the American people to look across the Ocean to find a condition of War; they need only to look at the State of North Carolina, where organized negro regiments are parading the country under the authority of a Governor, and by that authority committing outrages upon the lives and liberties of citizens only equalled by the worst despotism. Men are arrested for alleged political offences—because they refuse to support the adherents of the Radical organization. These arrests are made in the same manner as in any other despotism, without any authority, and by Force alone. Writs of *habeas corpus* are sworn out, but they are disobeyed at the point of the bayonet, and the decisions of the highest Court are utterly disregarded.

We have kept our readers informed from day to day concerning these great wrongs. When Kirk, the commander of the marauders, refused to obey the writs served upon him, and an appeal was made to the Chief Justice of the State; it was presumed that the decision of that high Court would be respected and obeyed. It was also believed that if the President of the United States saw fit to interfere, that he would do so in defence of liberty and in the interest of government. But no such hope or expectation is to be realized. The public are treated with the following despatches:

"Raleigh, N. C., July 25.—Governor Holden refuses to surrender to Chief Justice Pearson the citizens of Alamance County who were arrested and are now held by Kirk through the Governor's orders. This refusal is in reply to an order from the Chief Justice to produce the men. Kirk has now in custody over one hundred citizens. It is said that Governor Holden has ordered a military commission to assemble at Yanceyville to try those persons now under arrest."

"Fortress Monroe, July 26.—Three companies of artillery left here this morning for Raleigh, N. C., to aid Governor Holden in enforcing the laws in that State."

Now, when we consider that an election is to take place in North Carolina early in August and that the prospects are decidedly against the Radicals, we have the solution of these extraordinary and tyrannical proceedings. Holden's armed movements are directed entirely against those who oppose the election of his satelites, and his most notorious arrests are made at political meetings where conservatives are taking part. The men thus arrested without warrant of law, are refused bail, are refused a trial by jury, and are to be tried by a court martial composed of such men as Kirk may select.

This is all in accordance with a programme long since laid down and agreed upon among the carpet-baggers and scalawags who now misgovern the Southern States. Here is a confession of the whole plot found in the New York *Tribune*. In May last, a special correspondent of the *Tribune* sent to that paper the following:

"The manner in which partisan telegrams from the South have been manufactured and published in the North, to further the personal designs of unscrupulous and ambitious men, was well shown up on the developments brought out in reference to the Washington *Chronicle* during the progress of the recent Georgia investigation. *The same game is now going on* in connection with the internal affairs of the *other* Southern States. It is believed that the ensuing elections in the South will result, in some instances, not perhaps in the defeat of the Republican party, but in the defeat of certain individuals who are and have been using that party as a means only to their own selfish advancement. Foreseeing this, the effort is to get up an excuse to declare martial law, and local newspapers in the interest of the men alluded to are teeming with accounts of "outrages," this is particularly the case in North Carolina, and no surprise need be felt at *a daily dish of horrors from that state*, served up in the *Chronicle*; "for," said one of the North Carolina senators, "we intend to use the military, and, *in justification, we must get these statements disseminated through the North.*"

This, Republican reader, was the confession of the *Tribune* on the 22nd of last May. How truly has its prediction been fulfilled! And what a state of public affairs is that in which the Governor of a State is found capable of leading himself to such a scheme—and what the condition of the political party who resort to it!

This is a specimen of Radical Reconstruction! This is their interpretation of a "Republican form of government!" When likely to be overthrown in a State, they CALL OUT THE MILITARY; resort to Martial Law; arrest citizens because they will not worship the Radical dynasty; disobey the writ of Habeas Corpus; spurn the decisions of the highest tribunal, and inaugurate a condition of anarchy and lawlessness!

You have the prediction from a Radical source that these things would happen; you now have the fulfillment of the prophecy!

We call the attention of our readers to the new advertisement of the Connecticut Mutual Life Insurance Company. The large increase of its new business will show the popularity of this grand old company, issuing over five thousand policies during the last six months.

Gen. S. D. Wait, General Agent, informs us that those policies issued through him during the above time, have averaged $3,366.66. This is a large average.

Venison Hams.—A nice dried venison ham makes an excellent addition to an epicurean larder. Mr. Hester, on Fayetteville street, has some nice, fresh ones, just from Florida, where persons whose taste can appreciate the luxury, will find them in good order.

For the Sentinel.

Gov. Holden:—One who was once a friend of yours would remind you of a couplet of one of our first poets, as containing a wholesome admonition for the present state of things:

"The timid thrush may bear the cage;
The prisoned eagle dies with rage."

What if some of the noble spirits you are now confining in hot jails, without giving them a chance to meet the charge against them, should die from hard treatment and outrage on them—what will be your *fame* now and hereafter; or what your peace of mind in consequence!

MENTOR.

How to Suspend, Constitutionally, the Privilege of the Writ of Habeas Corpus. The law from the Highest Source Logically reasoned out.

The Chief Justice asserts as unquestioned legal maxims:

(1.) The Governor may of his own head and imagination and without question from any power in the State, declare any county in a state of insurrection;—and of course *all the counties or the whole State.*

(2.) That when a county is thus declared to be in a state of insurrection, all the citizens resident therein are insurgents.

(3.) That one of them cannot execute or be deputized to execute a writ of *habeas corpus* for the relief of another held in custody even by a robber, because he is an insurgent, and no insurgent can execute a writ for the relief of another insurgent.

From these legal maxims the following legal corrollaries flow:

(1.) If the county of Yadkin, in which the Chief Justice resides, is declared to be in a state of insurrection, he (the Chief Justice) can not issue a writ of *habeas corpus*, for he would be an insurgent, and one insurgent cannot aid another insurgent to escape custody.

(2.) When the whole State should be declared to be in a state of insurrection, then, all the inhabitants are insurgents and although the writ or *habeas corpus* is not suspended by any law, yet there is no one who can execute the writ—wherefore all that the Governor has to do in order to legally and constitutionally attain his ends of suspending the writ and trying persons under a military commission, is to proclaim the state in a state of insurrection.

(3.) If the county of Wake be declared to be in a state of insurrection the Governor cannot call out the militia either of Wake or the State, because the militia of Wake would be insugents and one insurgent cannot be called out to put down another insurgent, as he would be but putting himself down. Besides the Governor himself being an insurgent and Commander in-Chief, we should have the spectacle of an army of insurgents led by an insurgent chief to put down insurgents. The Governor might evade this by changing his residence from one county to another, if it were not for Sec. 5, Art. 3 and Sec 5, Art. 14 of the State Constitution, which provides that the seat of Government shall be at the city of Raleigh and that he shall reside therein. Happy Wake! Alas, we are two hasty; for the Governor may declare even that in a state of insurrection, saving and excepting such space as his own sacred foot may occupy at any particular time.

SOFT SOAP.

A colored man hauled lots of wood for our Sheriff, Tim Lee, of Boston, last winter; indeed, was hauling for him nearly all winter; and when he presented his bill, (over a hundred dollars) Tim had scruples on the subject and wouldn't, or didn't, pay it. The colored man sued him before Justice Adams and got judgment, and Tim appealed to the Superior Court.

Some one asked our Boston officer if he was not afraid his colored constituent would vote against him when he run for Sheriff again.

"Ah! I'll bring him round all right, before the election, I guess," answered Timothy, "I'll soft soap him."

We understand several of the colored voters are going to "soft soap" Tim on Thursday.

"Hon." Jim Harris seems to have given up the contest for Congress. He has been in the city so sick that he could do nothing else but walk about the streets for the last week. He sent Rotating Dick to speak for him at Smithfield on Saturday, but, somehow, Dick did'nt speak.

We endorse Jim's prudence and economy; it would hardly pay to get up many more such excursions as that to Nash, and doubtless he discovered the fact in time to save a portion of the two thousand dollars be sold Swepson's note for.

By the way, what did Jim sell to Swepson to the amount of four thousand dollars?

DIED,

The French Senator Geiger, the owner of large fields near Saar Louis, has been expelled from Prussia.

Bonville has left Rome on a furlough. It is believed that the troops now in Rome will be in Paris by the 10th of August.

The French journals assert that the Prussians have 300,000 men at Treves, 100,000 in the Black Forest, 20,000 near Mayence, 100,000 in Schlewig, and 80,000 near Berlin. The country between Treves and Mayence is well filled with soldiers.

Ollivier had an interview yesterday with the principal editors of Paris, during which he explained the position of the government on several questions relating to Prussia. He gave the same explanation of the secret treaty project that Count Benedetti had previously given, relative to the measures taken by the Cabinet some time ago to effect a general disarmament, he said those efforts were merely intermediatory in those of Earl of Clarendon for a similar purpose. Count Von Bismarck replied to Earl Clarendon that King William refused absolutely to disarm. Ollivier said he gave the honor of his name and that of his colleagues that no offer was made to Prussia other than that made by Earl Clarendon.

On the Rome question Ollivier said it had seemed equitable and meetin to the French government to evacuate Rome; equitable, because Italy had kept her promises, and useful, because keeping her promises unites us more closely with Italy and Austria.

Vienna, July 30.—Austria will estab ish a line of steamers from Trieste to Southampton to connect with the American lines.

FOREIGN.

It is reported that England intends occupying Antwerp.

There are rumors of fighting near Forbach.

A special telegram to the *Herald* says, that the French lost 30 and the Prussians 8 at Saarbruck.

Bismarck has issued a circular to diplomatists of neutral courts, wherein among other things he says that Napoleon has constantly tempted Prussia but Prussia remained honest. But for the sake of peace it was thought best to encourage Napoleon in his delusions, and a note implying approval was returned. Time was counted on to revolutionize France and extinguish the scheme, hence the long delay and silence.

Austria is organizing a formidable army. The Archduke Albrecht, who sympathizes with France is announced as in supreme command. The Hungarian Chambers also voted extraordinary credits.

Sweden is arming and will co-operate with Denmark. Had France allowed Prussian schemes to go on, Sweden and Denmark would not have been free to-day.

PERRY DAVIS & SON PROVIDENCE R. I.
1840 1870

This Valuable Family Medicine has been widely and favorably known in our own and foreign countries upwards of

THIRTY YEARS!

It has lost none of its good name by repeated trials, but continues to occupy a prominent position in every family medicine chest.

It is an External and Internal Remedy. For Summer Complaints, or any other form of bowel disease in children or adults, it is an almost certain cure, and has without doubt, been more successful in curing the various kinds of cholera than any other known remedy, or the most skillful physician. In India, Africa and China, where this dreadful disease is more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates a *sure* remedy; and while it is a most efficient remedy for pain, it is a perfectly safe medicine, even in unskillful hands. Directions accompany each bottle.

Franklinton, N. C., April 16th, 1870.

Mr. Thomas H. Briggs: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand, and in reply I would say that I have tried other Presses and consider the *one upon which the Utley Press works cheaper, simpler and more durable than any* I have met with. Yours very respectfully,
JAS. A. WILDER.

River Dawn, Cumberland Co., N. C., April 22nd, 1870.

Thos. H. Briggs, Esq: Dear Sir:—In reply to yours of the 13th asking how I was pleased with the Utley Press I used last season, I would say *that it gave entire satisfaction.*
Respectfully yours, CHAS. H. BLOCKER

Hillsboro', N. C., April 22nd, 1870.

Thos. H. Briggs, Esq., Raleigh, N. C.: Sir—I have used "Utley's Cotton Press" for baling hay for some months. It works well and gives entire satisfaction. I regard it as the best Hay Press I have seen. Respectfully, E. H. POGUE.

Raleigh, N. C., June 18th, 1870.

T. H Briggs, Esq., Raleigh, N. C.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season. I packed my own crop of cotton also other crops for my neighbors, making in all one hundred bales. I consider it superior in all respects to any Press I have ever seen and that it is every thing the pamphlet represents. I packed bales weighing from four hundred to five hundred and ninety-seven pounds. Yours truly, W. T. HOWLE.

CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th *Company*, in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, *equals* FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively noiseless, easily understood, and in a word it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

A. BALDING'S

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP.

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $20 to $30, capable of throwing 20 gallons of water per minute. The price of No. 2 for railroad stations throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. The number of feet in the depth of the well must be given in all cases

MR. J. L. KITCHIN:

DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
